**KU:** Agaasime Axmed Sabca

**Ujeedo: Warbixin**

Anaga oo ah engineerada waaxda farsamada ee xafiiska GIS-ka (**Parcel team**), waxa aanu waraaqdan kugula wadaagaynaa warbixin kooban oo ku saabsan beerta aad shaqadeeda nagu amartay mudane Agaasime, taas oo ah **beerta Faysal Cabdilaahi Ileeye**, oo ku taala degmada Macalin Haaruun, gaar ahaan xaafada Cali Rooble.

Beertani waxa ay labada koone ka kala xigtaa wadada labada boqol, waxaa dhinaca waqooyi ee wadada xiga 2 block oo kala dambeeya, halka qaybta koonfurna ay ee wadadana xigaan inta kale ee beerta oo ah saddex sakadood oo isku ah 12 block. Mudane agaasime GPS-ka beerta iyo map-ka beertu waa ay isleeyihiin, laakiin waxaa gabi ahaanba ka duwan practical-ka dhulku sida uu u yaalo ee ay ku iibiyeen dadka beerta iska leh. Baloogyada beerta ee sakada labaad iyo saddexaad waxa ay u yaalaan oo lagu iibiyay berri iyo galbeed, halka map-kuna uu yahay waqooyi iyo koonfur.

Mudane agaasime sida uu noqonayo sida uu nala yahay xalka beertani waxa weeyaan in wax ka badal lagu sameeyo map-ka beerta, oo labada sakadood ee 1 iyo 2 loo dhigo sida uu practicle-ka dhulku u yaalo oo ah berri iyo galbeed.
